

## ***AquaDam® Heavy-duty Inner Tube Price Guide***

AquaDams can be manufactured with heavy-duty rather than polyethylene blown film materials. Some projects might require these heavier materials because of contaminants or other hazardous materials in the work area. Additional materials (other than these shown) can be specified by buyer.

### ***AquaDam® manufactured with PVC Flexible Sheet (30 mil, welded)***

Inflated Height (in feet)	Price per linear foot
2	\$19.95
